

COMMERCIAL INFORMATION					
Name of Reporting Customer					
TECHNICAL INFORMATION					
Grade of Concrete					
Exposure Conditions					
Type of Cement					
Cement (Brand) & Mfg. Week					
Max. nom. Size of aggregate					
Type of Aggregate					
Minimum cement content					
Maximum cement content					
Details of admixture (including DATA SHEET)					
Mineral admixture(Fly ash) to be used					
Mineral admixture (other than Fly ash)					
Max. percentage of Fly ash permitted in Project BOQ					
Maximum water-cement ratio					
Mode of concrete production					
Time Lapse Between manufacture & Placing					
Workability Requirements					
Method of transporting and placing					
Maximum temp. of concrete at the time of placing					
Early age strength requirements, if required					
Whether admixture shall or shall not be used					
Any Other Information
